- Discount catalogue

PLUS AND ENTERTAINMENT

- Plus – loyalty program
- Entertainment services

YANGO MAPS

Tech-based super app for cities

TRAFFIC PREDICTIONS

With algorithmic analysis

INTERACTIVE MAP WITH DAILY UPDATES

TRACKING OF PUBLIC TRANSPORT

Live positions of buses, trams and other vehicles

ML-BASED GEO SEARCH

Works with complex search queries

COMING UP: HD-MAPS

Clear, detailed, easy-to-navigate road markings, stack interchanges, transparent tunnels, route and lane guidance

SMART ROUTING

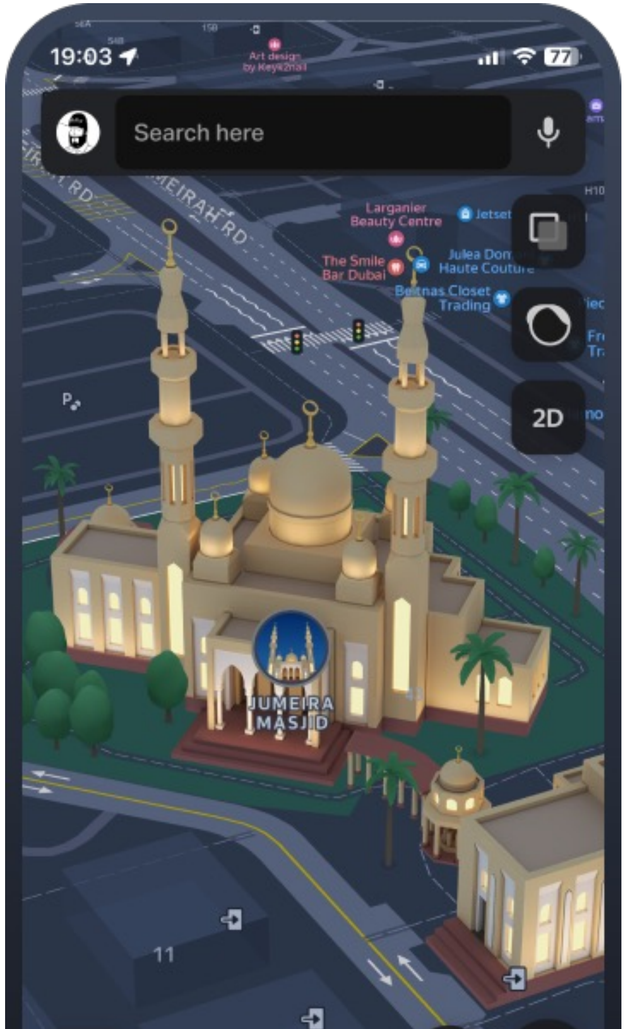

Solves traveling salesman problem

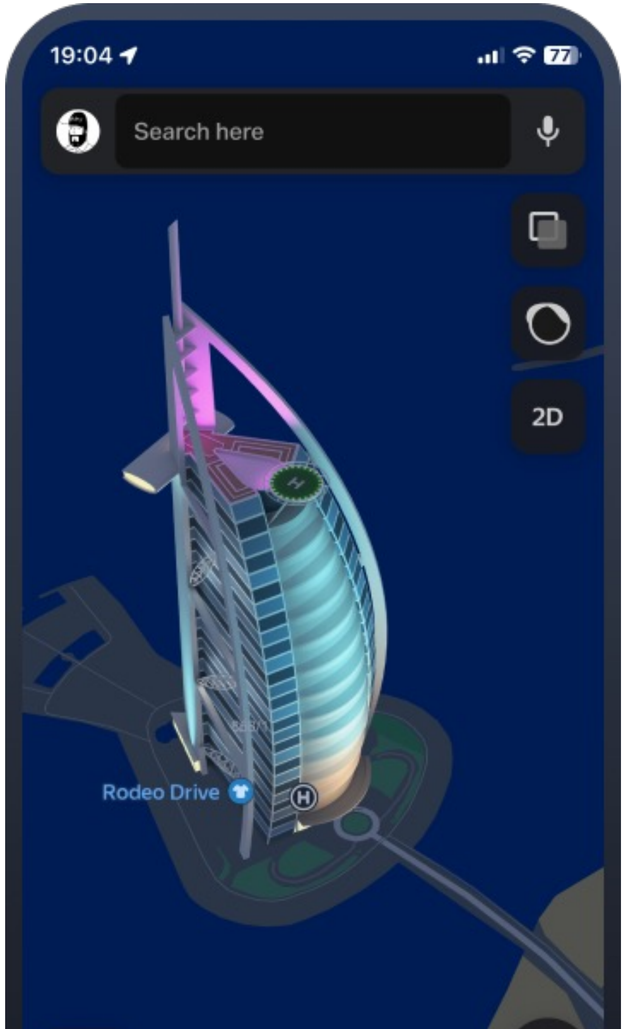

3D LANDMARKS

The ability to view iconic city landmarks infull-color 3D

WE PROVIDE BUSINESS-DRIVEN AND LOCALLY RELEVANT DATA-POWERED GEO PLATFORM

Mappable

Customizable mapping, geocoding, and routing solution for businesses

INTERACTIVE AND STATIC MAPS

Create tailored maps that match your specific needs. Bringing the power of geospatial data and technology into your projects

- JS API
- Mapkit SDK
- Tiles API
- Static API

GEOCODING AND ORGANIZATION SEARCH

Set up automatic geocoding and intuitive search functionality with addresses, coordinates, and other parameters

- Geocoder
- Geo suggestions
- Organization search

NAVIGATION, ROUTING AND GEOLOCATION

Use our APIs and SDK to create new logistics solutions and optimize existing ones. Build routes that take into account traffic forecasts and different modes of travel

- Distance matrix
- Locator
- Retrieving route details
- Isochrone

LEVERAGING OUR EXPERTISE IN PRODUCING AND UTILIZING MAP DATA PLATFORM FOR SULTANATE OF OMAN

1. Facilitating permissions to collect on-ground and other essential data for creating maps
2. Access to Oman's public transport fleet to help collect data for creating maps
3. Introducing Mappable to relevant government entitles to explore synergies

YANGO DELIVERY

An end-to-end technology-driven intra-city delivery service

WE MANAGE ALL DELIVERY OPERATIONS INSTEAD OF PROVIDING SOFTWARE SOLUTION ONLY

- We focus on providing high-quality last-mile delivery services for individuals, SMEs and corporate sector operating in e-commerce environment
- Product portfolio includes on-demand (<1 hour), and same-day (3-4 hours) delivery

Enjoy AI-powered music discovery that picks music for your mood and preferences

MINI-GAMES

Match 3, puzzlesm and more fun and enjoyable games

QUESTS

Watch movies, listen to music – and earn unique trophies

ANYTIME, ANY PLACE

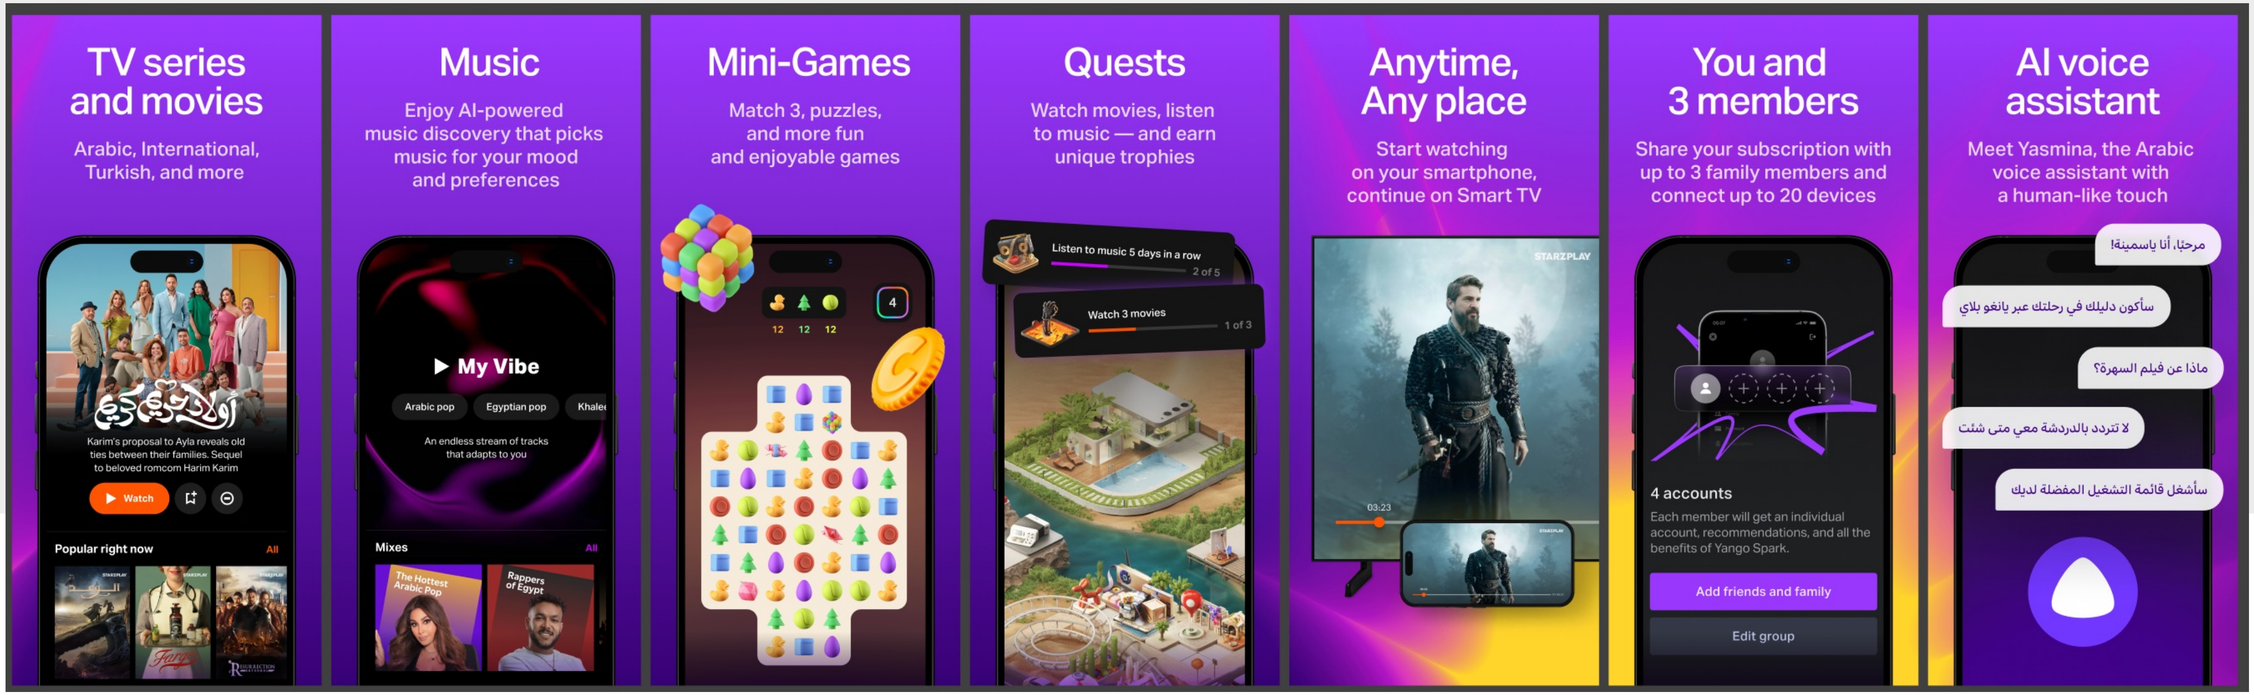

Start watching on your smartphone, continue on smart TV

YOU AND 3 MEMBERS

Share your subscription with up to 3 family members and connect up to 20 devices

AI VOICE ASSISTANT

Meet Yasmina, the Arabic voice assistant with a human-like touch

YANGO EDUCATION

HIGH SCHOOL STUDENTS

who are interested in the exact sciences and want to learn the basics of Python programming language

14+ y.o
Pytho
Start in AI

UNIVERSITIES

Educational content for students and platform with AI tools for professors

IT Management
Programming
ML
Data science
AI

RESKILLING AND UPSKILLING

For those who want to change their profession and for the IT professionals willing to accelerate their career

Training for digital economy
Applied skills

YANGO EDUCATION

STEP 1
COLLABORATION WITH UNIVERSITIES

- Efforts in reviewing and enhancing curriculum and courses in Computer Science, Data Science, ML, AI for universities
- Training programs for the teaching staff
- Launching youth camps (AI, Gen AI, and other)
- Implementation of visiting professor's program and joint courses based on our materials to enrich the study plans

STEP 2
MODULAR E-LEARNING PLATFORM

- Short study modules
- Automated code-review
- Online support team
- Built-in assessment
- Science-based approach to learning
- Quizzes and final tests

STEP 3
YANGO CODING SCHOOL

Python for School Students

- Theory: python, popular tools, basics of object-oriented programming
- and Practice: make forecasts, plot graphs, perform analytics

How it works

- Offline classes
- Materials and homework at our educational platform
- Progress and educational analytics for each student

7 YEARS
of experience since 2017

5 COUNTRIES

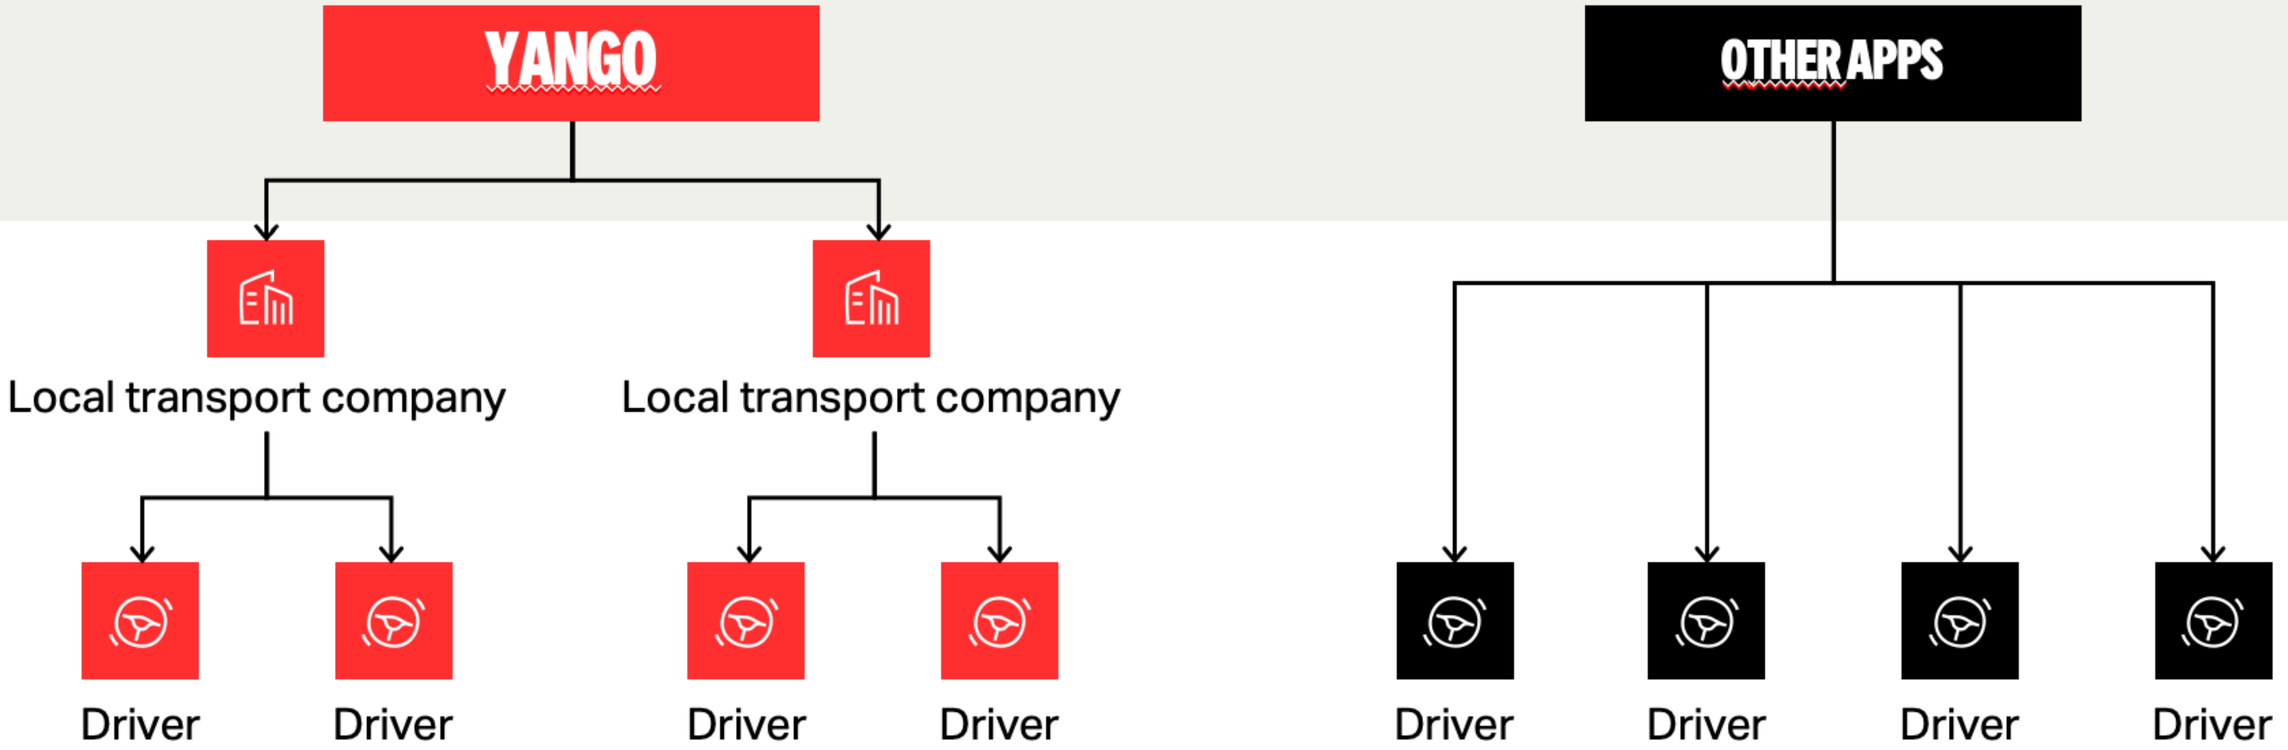

2,000+
graduates per year

CAN BE ORGANIZED IN 2 FORMATS

1. 1 year offline course (1,5h twice a week)
2. Bootcamp (1-2 months depending on intensity)

YANGO IN NAMIBIA

INNOVATIVE COLLABORATION AND TECHNOLOGY MODEL

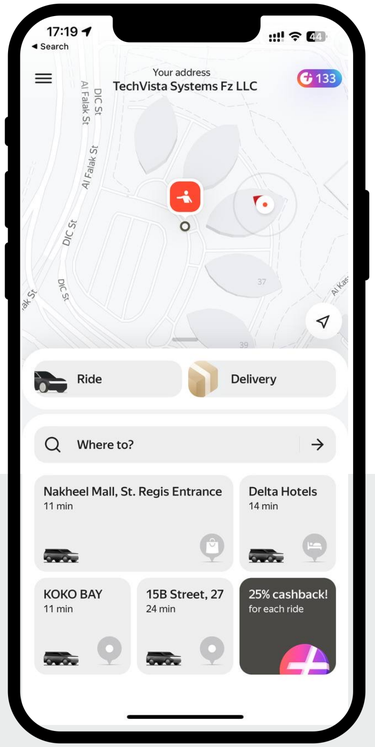

YANGO’S TOP PARTNERS ALREADY MANAGE ~700 VEHICLES AND PROVIDE INCOME OPPORTUNITY TO ~700 DRIVERS

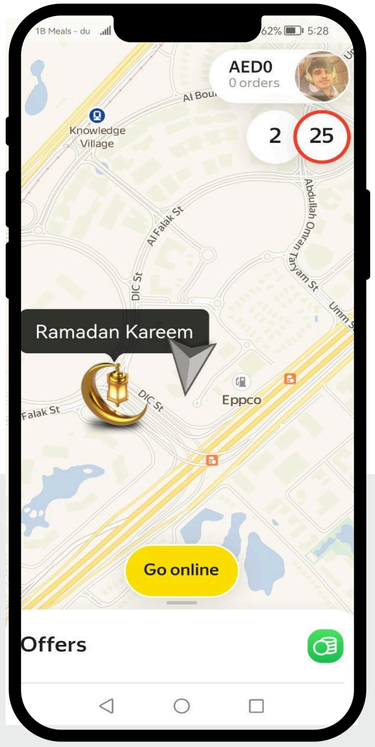

- Hannes And Eve
- Modern Tours & Transfers
- Ridenet

KEY 4 ELEMENTS WHICH COMPRISE OUR BEST RIDE HAIL ECOSYSTEM GLOBALLY

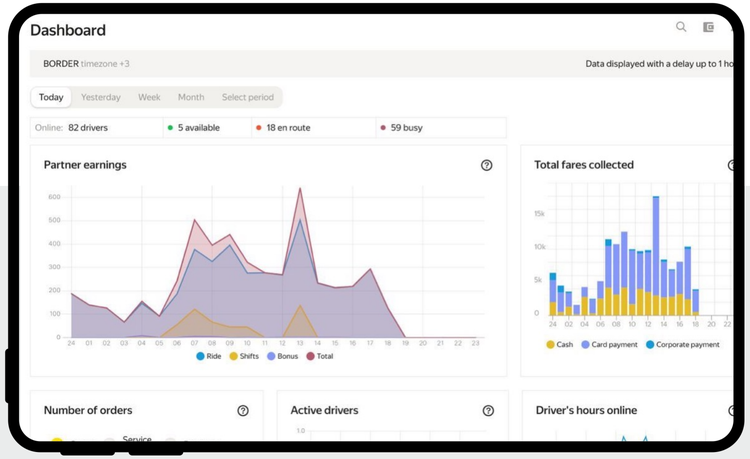

USER APP

DRIVER APP

YANGO MAPS

PARTNER & GOVERNMENT PORTAL

WITH RIDE HAILING WE ARE BRINGING MORE THAN JUST A TAXI SERVICE

Driving

- Real-time traffic jams & road hazards
- Traffic jams avoidance
- Lane information, speed limits, speed cameras
- Parking search

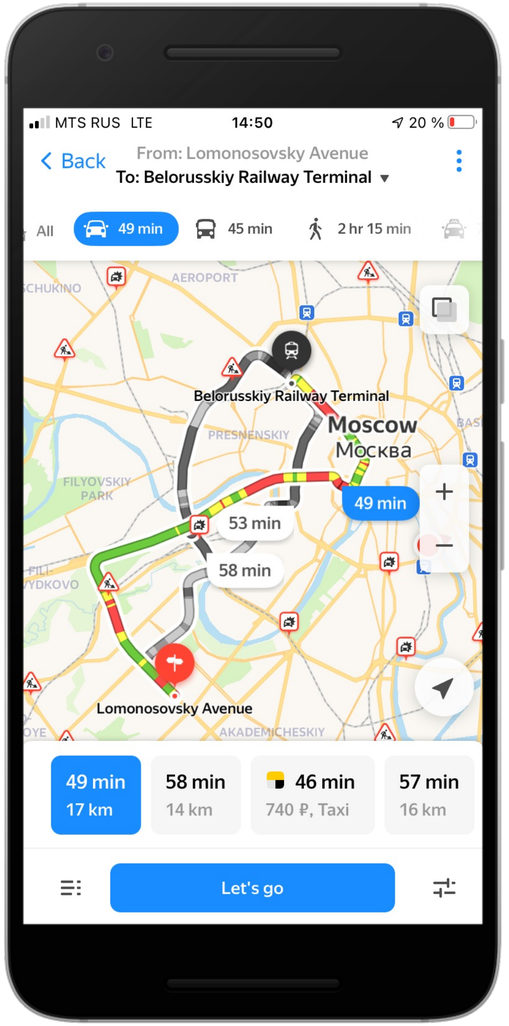

Mass transit

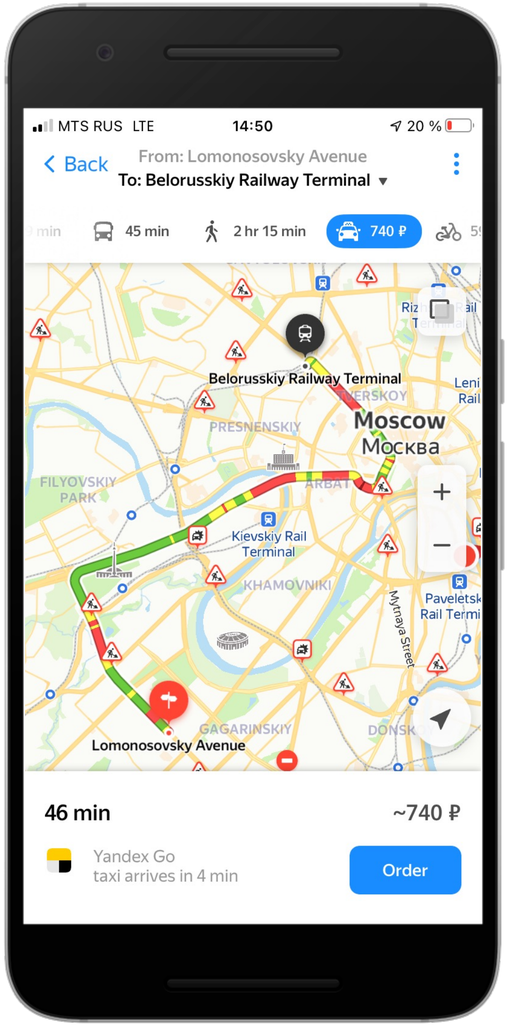

- Live data on the map
- Schedule info
- Prediction of arrival
- Multi routing

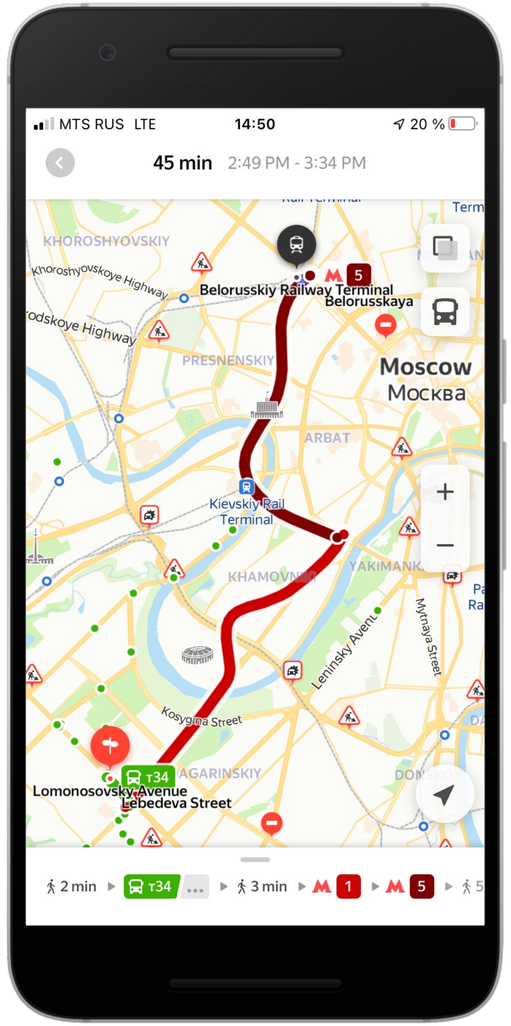

Bicycle

Pedestrian

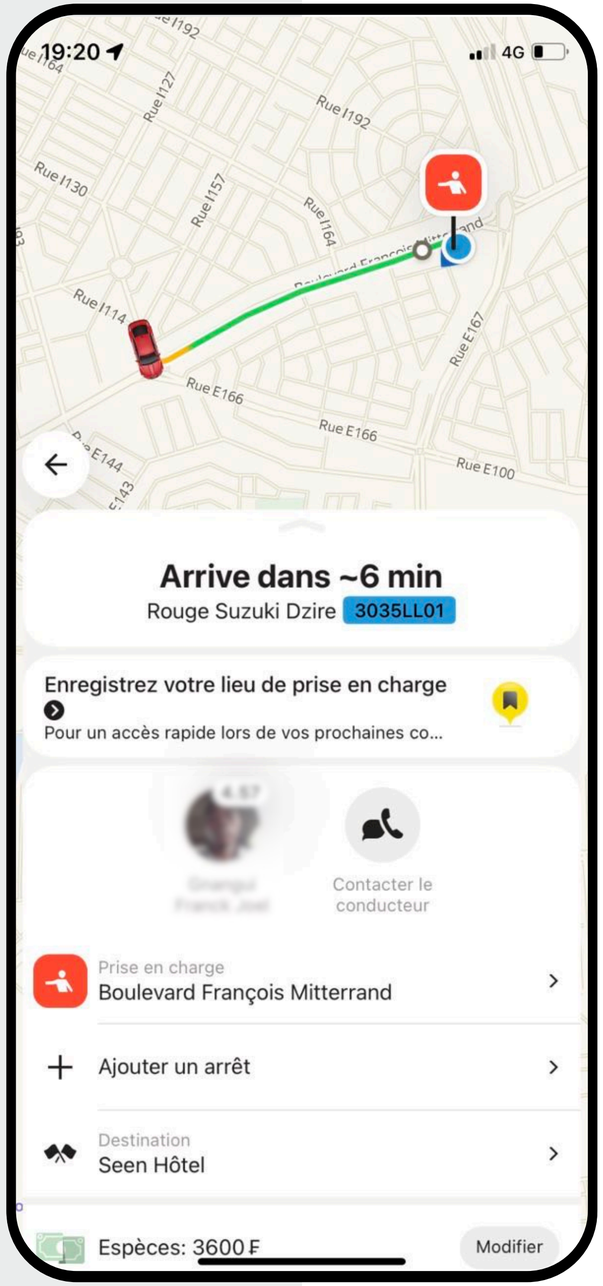

Advanced multimodal

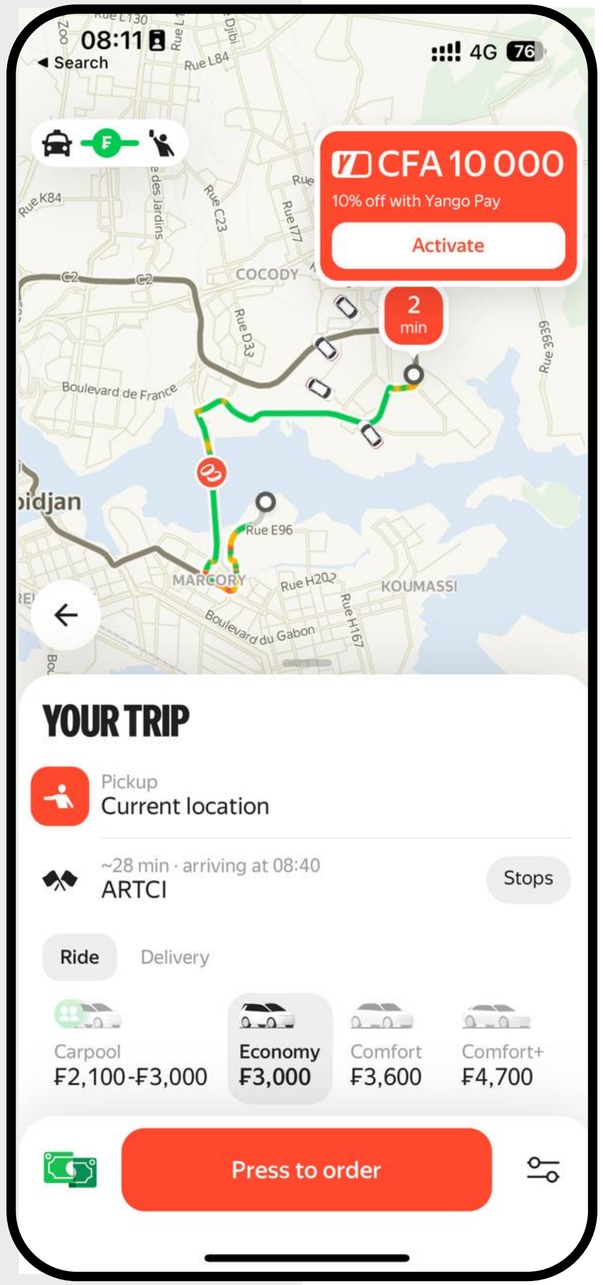

OUR TECHNOLOGIES SUPPORT HIGHER EARNINGS

CHAIN ORDER

- **Objective**
  Reduce a driver's unpaid wait time between trips
- **How**
  Our "chain order" function dispatches the next trip to a driver even before having finished the current trip. The next trip starting point is near the destination of the current trip

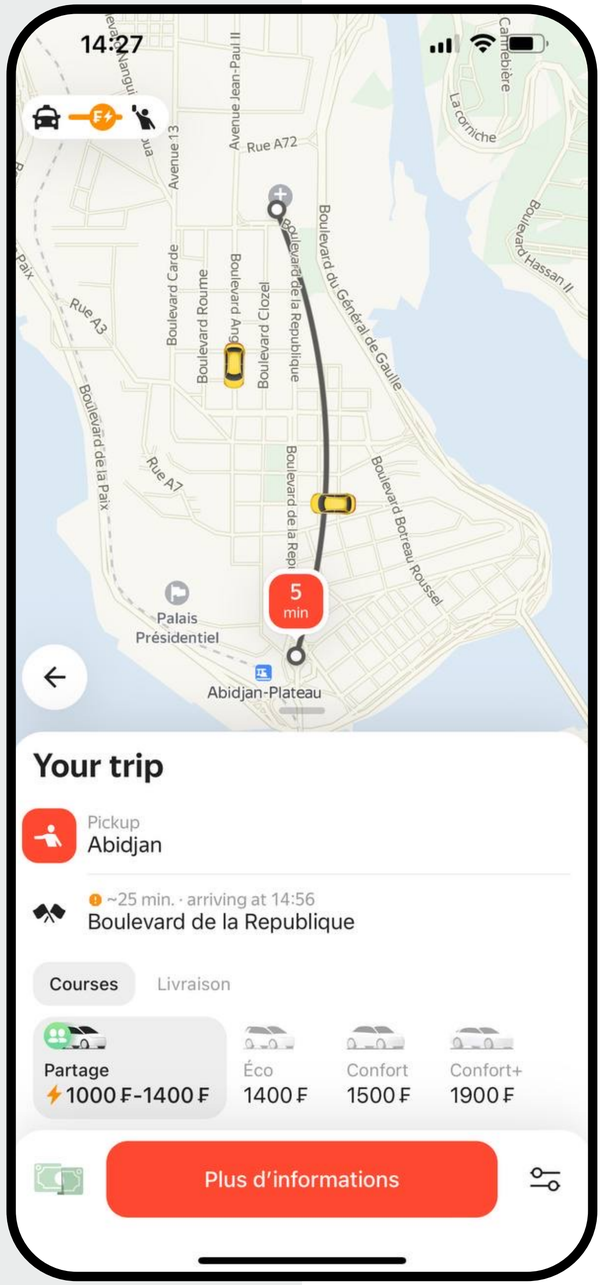

OUR TECHNOLOGIES SUPPORT HIGHER EARNINGS

REPOSITION

- **Objective**
  Reduce a driver's unpaid time while driving home or to personal errands
- **How**
  If the driver wants to go somewhere on personal matters, he can turn on this regime and we will find a trip for the driver that suits chosen direction

OUR TECHNOLOGIES SUPPORT HIGHER EARNINGS

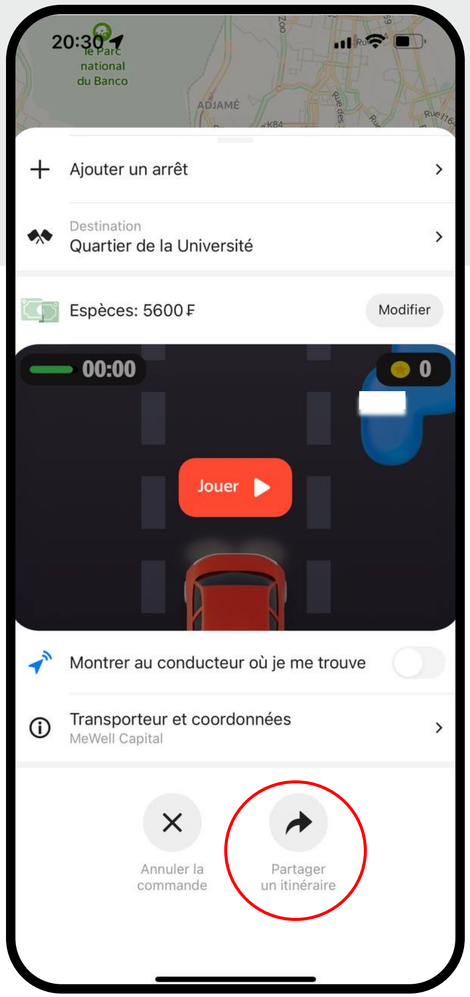

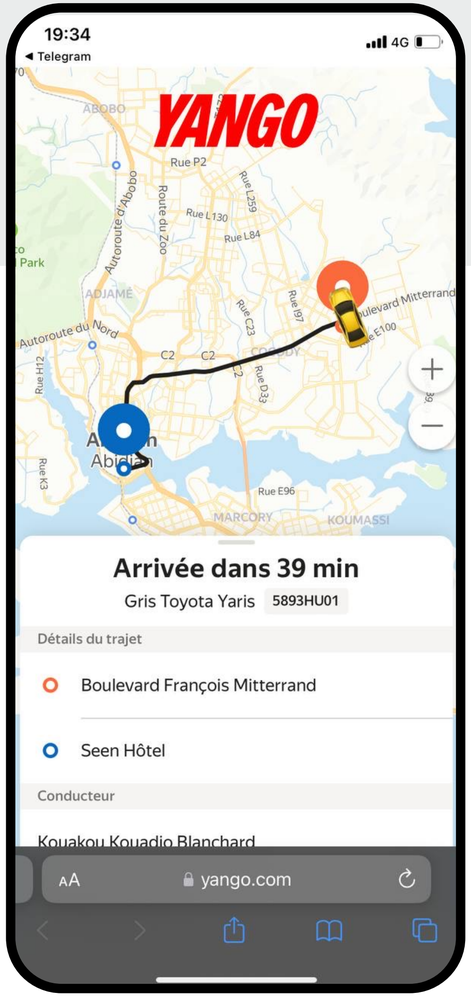

PARTAGE TARIFF

- **Objective**
  Attract new demand and optimize driver's time

- **How**
  Rider can share a ride with other riders.
  If the companion is found the trip will be cheaper as the driver's time is more efficient, if not the trip will cost no more than for an Economy ride.
  A maximum of two different passengers can be in a car at the same time.

SHARE ROUTE SAFETY FEATURE FOR RIDERS

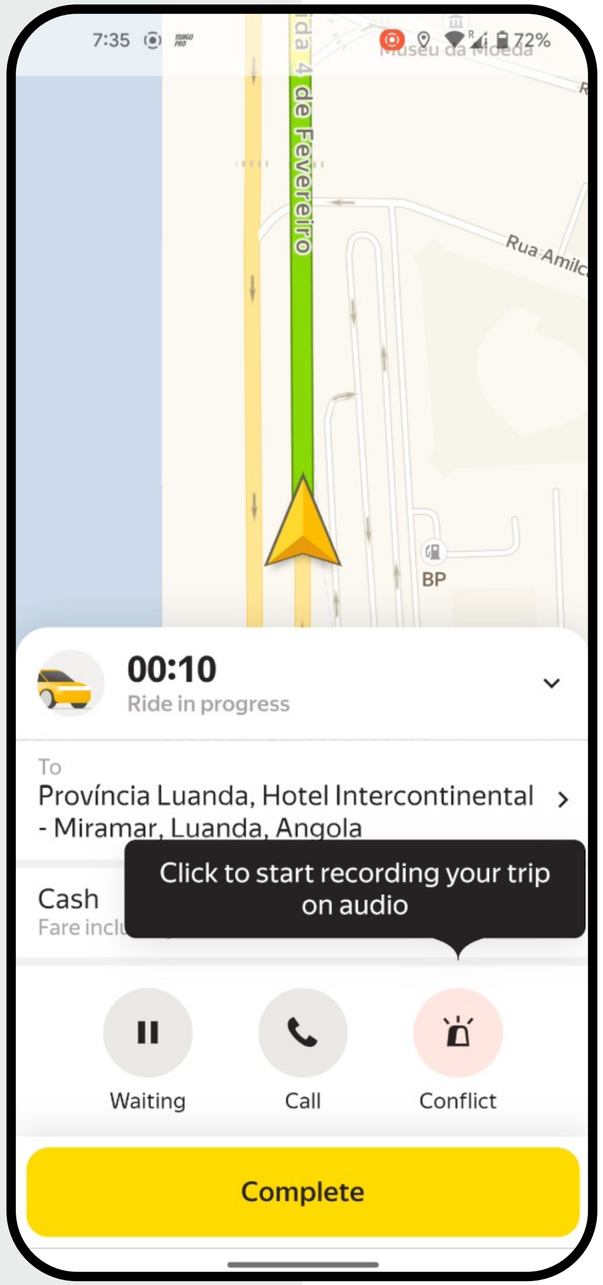

Share route

- **Objective**
  Increase the safety we provide for our clients
- **How**
  Users can share a live GPS tracking of their location to friends or family during the trip

CONFLICT BUTTON SAFETY FEATURE

Conflict button

- **Objective**
  Be aware of conflict and quickly resolve it
- **How**
  Driver can start recording audio while making the trip. In case of a conflict that helps us to resolve issues between client and driver.

THANK YOU

Zanyiwe ASARE
Yango Public Policy Vice President
