# Introduction

We are the Meva.ai team—I'm Even Hashikutuva, a marketing executive currently on a gap year to deepen my knowledge of AI and public engagement, and my partner, Mirko Falk, is pursuing his AS Level at Delta while working part-time as a web developer.

8TH NATIONAL ICT SUMMIT

THEME:
"Building Resilience to 'Adapt or Die' in the Era of Digital Transformation & Artificial Intelligence (AI)"

9-11 SEPTEMBER 2024
Venue: Mercure (Safari) Hotel, Windhoek

# The Problem

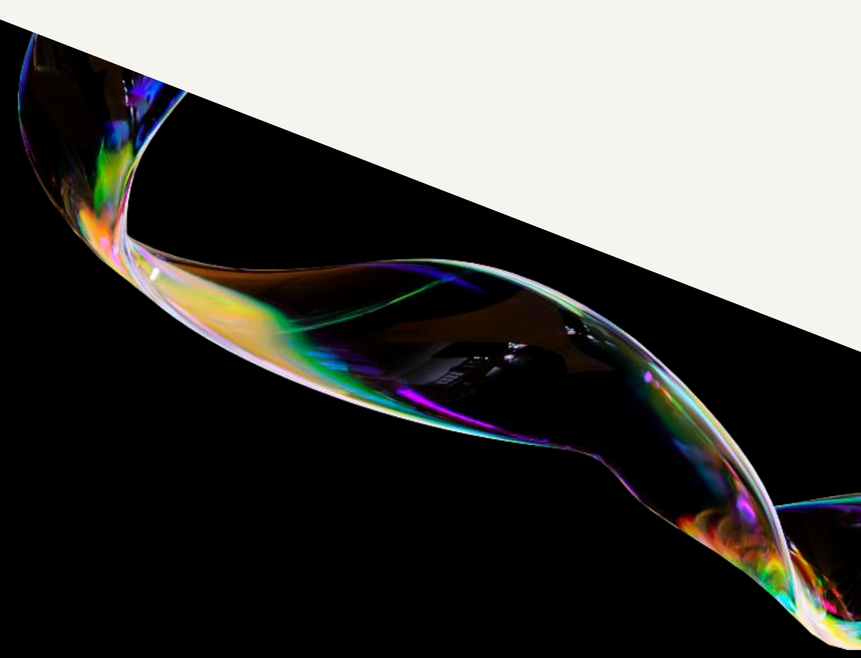

Governments face challenges in engaging citizens through social media platforms effectively. Current methods lack personalization, real-time feedback, and comprehensive public opinion analysis.

BASECAMP

# The Solution

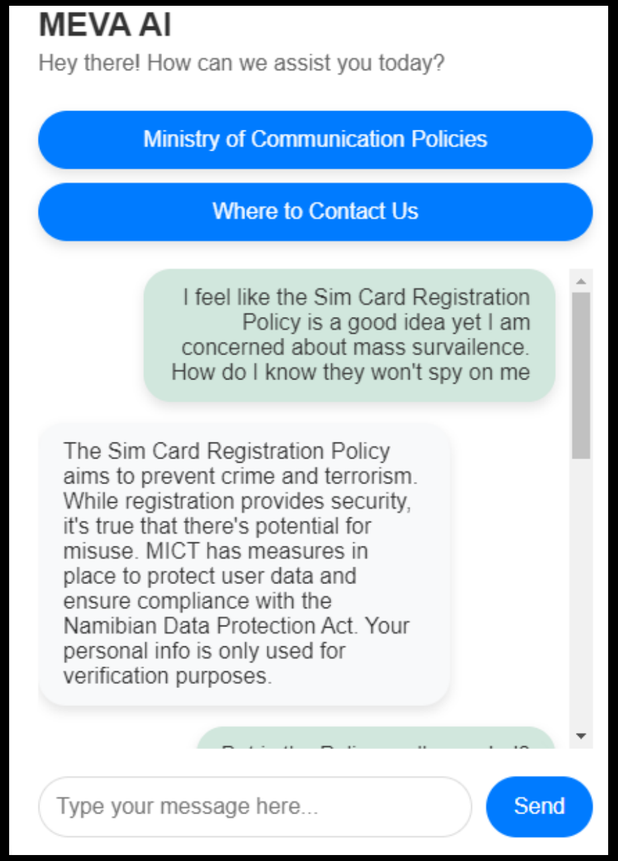

Meva.ai addresses the challenge of effective government-citizen engagement on social media by offering AI-powered chatbots that provide personalized interactions and real-time feedback, along with sentiment analysis to deliver comprehensive insights into public opinion.

# Features

## Sedimental Anlysis

9/9/2024, 10:53:32 PM

**Sentiment Score:** 4.2 (out of 5)

**Label:** Positive

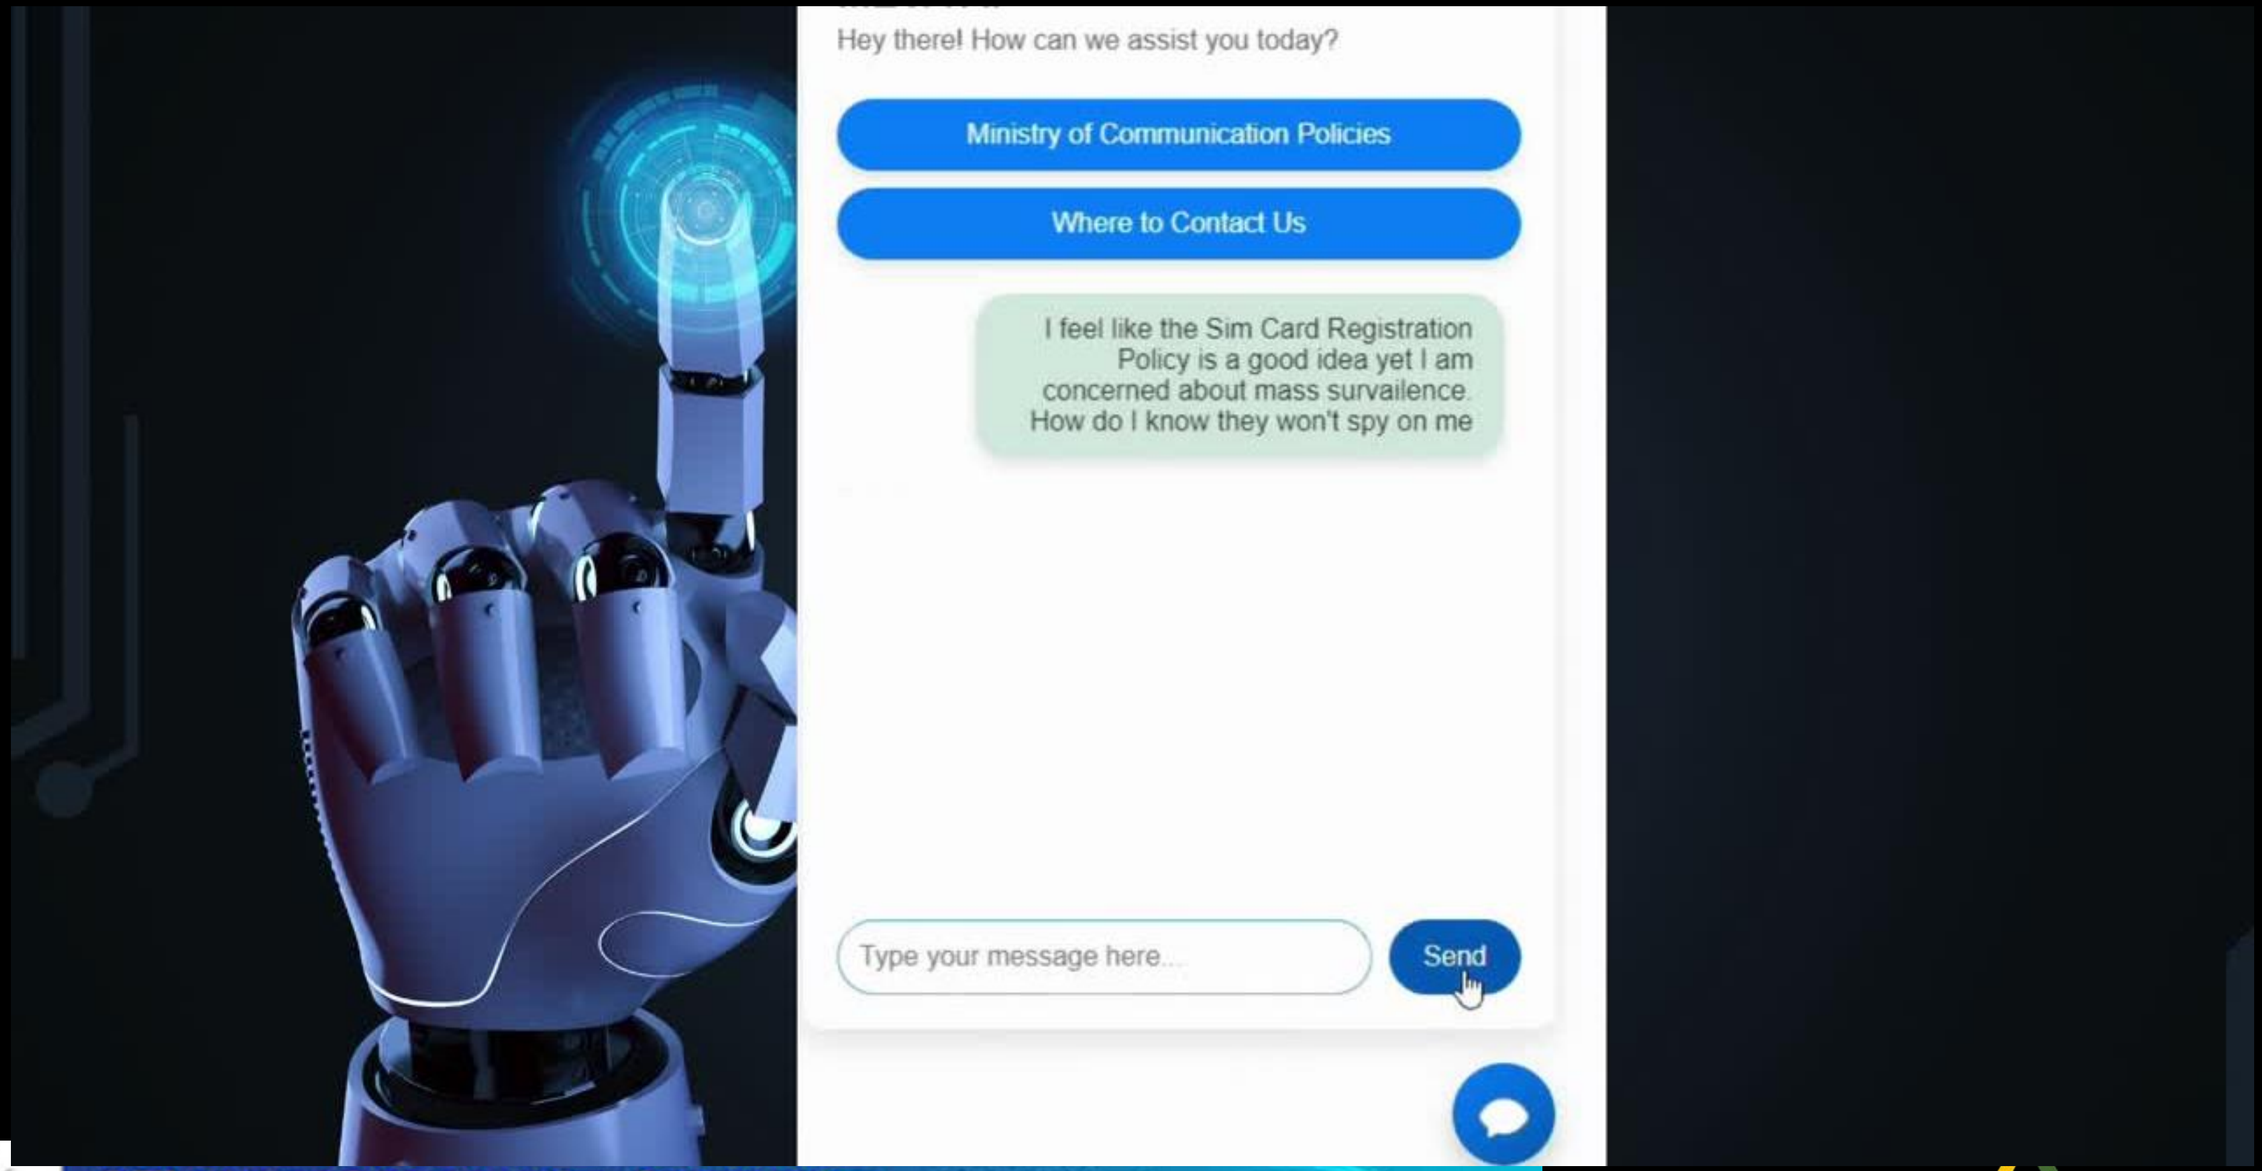

**Summary:** The feedback expresses overall positivity towards a new policy, but also expresses concern and anticipation for its widespread implementation.

## Real time Feedback

I am glad about the new 5G Implementation Policy but I am scared it will not cover the entirety of Namibia. Any thoughts about that?

Our 5G Implementation Policy aims to deploy next-generation networks nationwide, including rural and remote areas. We're working with operators to ensure coverage expansion, particularly in underserved regions like Kavango, Omusati, and Kunene. Regular progress updates will be shared through our national digital platforms.

# Conclusion

At Meva. ai, "Meva" means "water," symbolizing adaptability and life. Like water, we navigate challenges and adapt to change. Our platform helps governments gather real-time public feedback, analyze sentiment, and make informed decisions that align with community needs. We promote transparency and trust, ensuring policies are relevant and impactful.
