ECONOMICS STUDENT

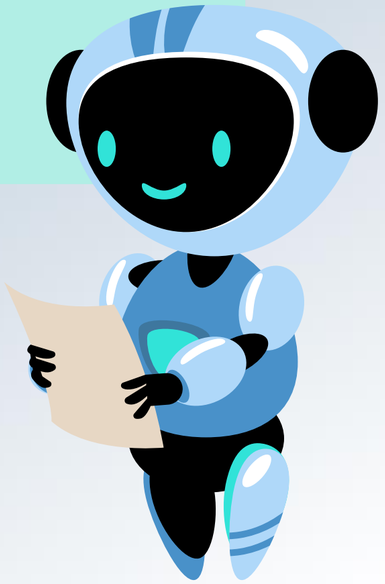

Problem

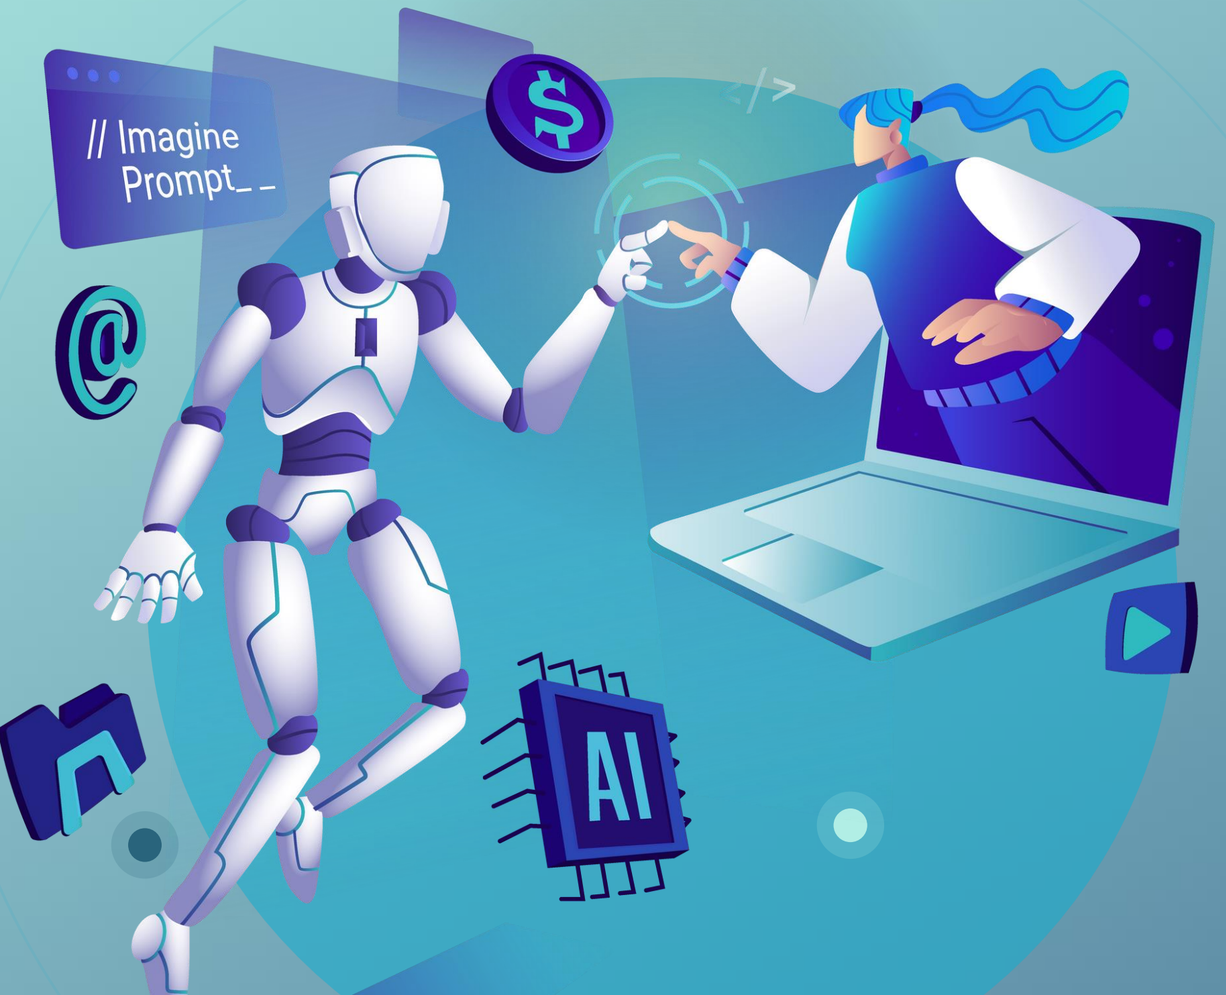

68% of Namibians feel unheard

lack of insight into public sentiment

Lack of real-time public feedback

The Solution

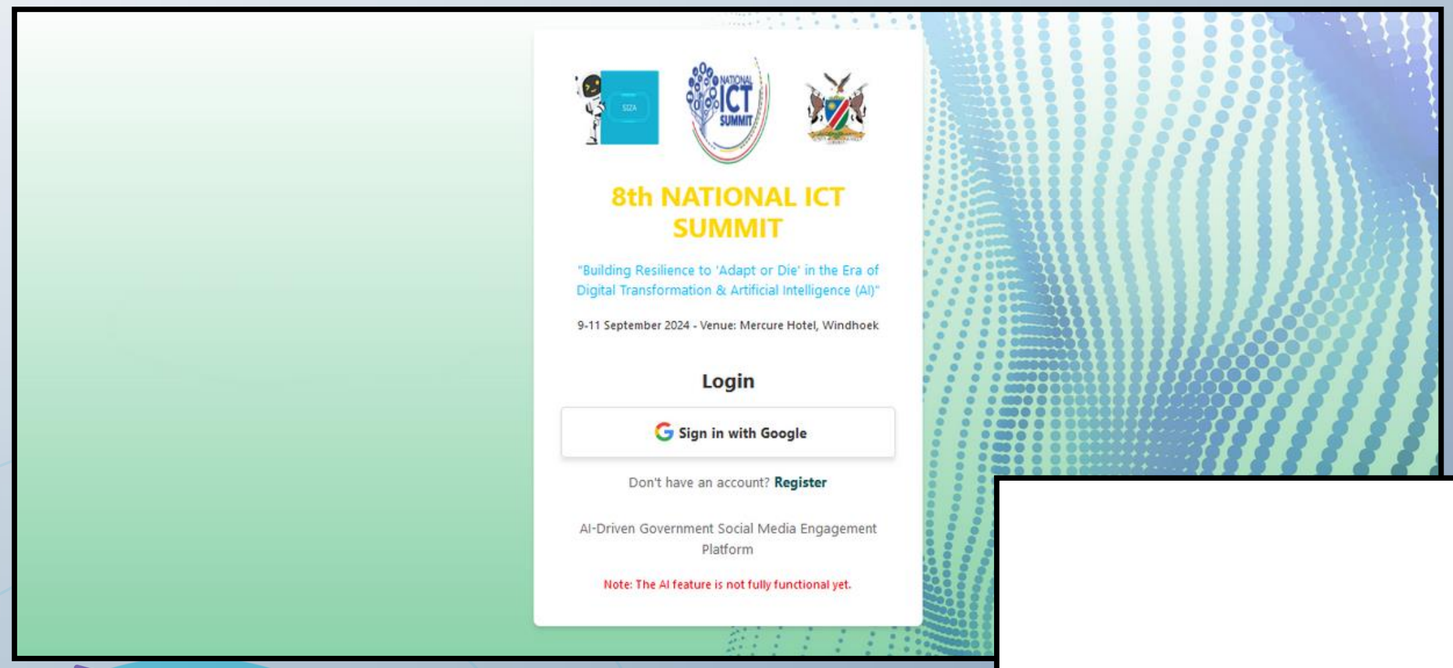

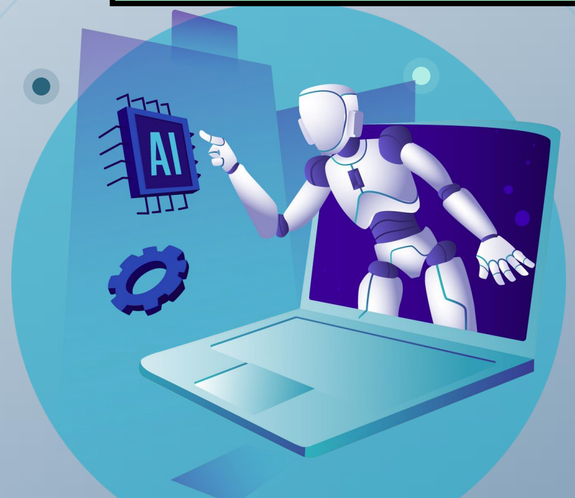

01 AI-driven solution for citizen engagement

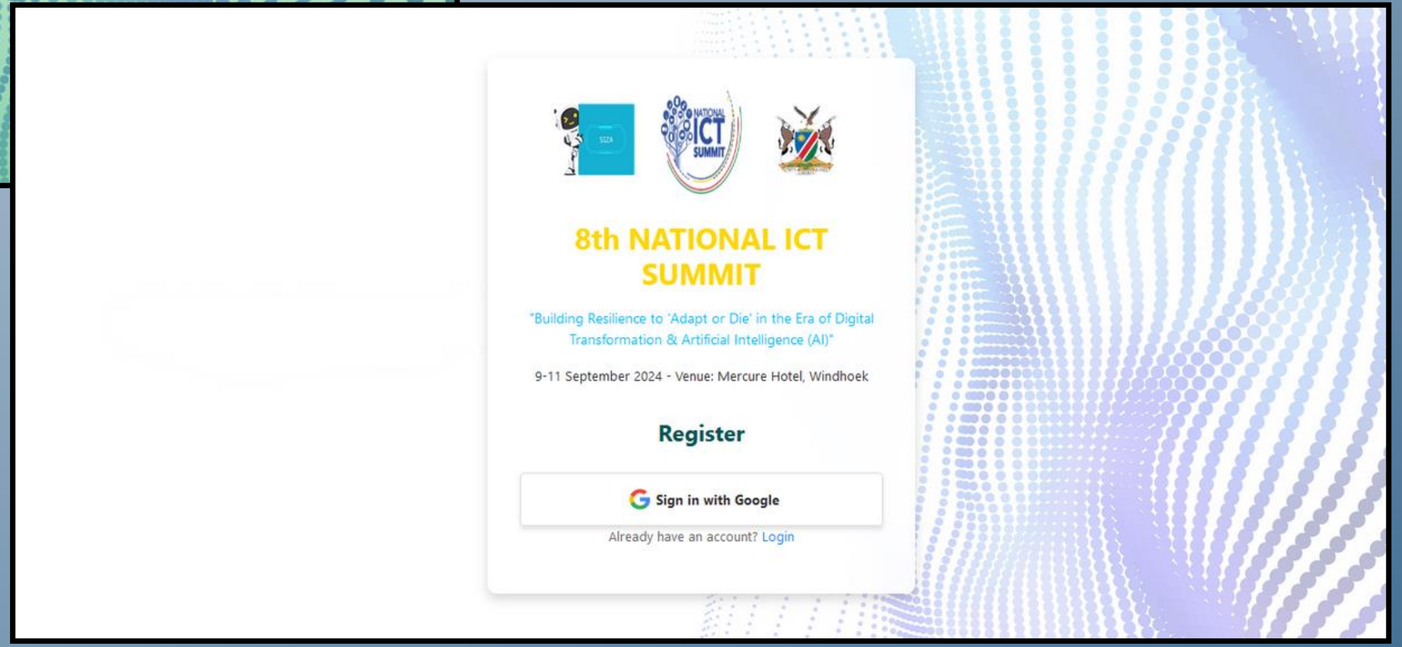

02 Real-time sentiment analysis

03 Bridging the communication gap

CONCLUSION

We're not just building a system– At S.I.Z.A., we're creating a space where everyone's voice matters. Together, we can ensure that Namibia's future is shaped by those who live it. Thank you for your time, and we're excited to hear your questions
