I've seen you get *hacked*!

Nithen Naidoo | CE**OG**

You'll never learn anything watching TV???

E: The worst will never happen

T: How can you be so sure?

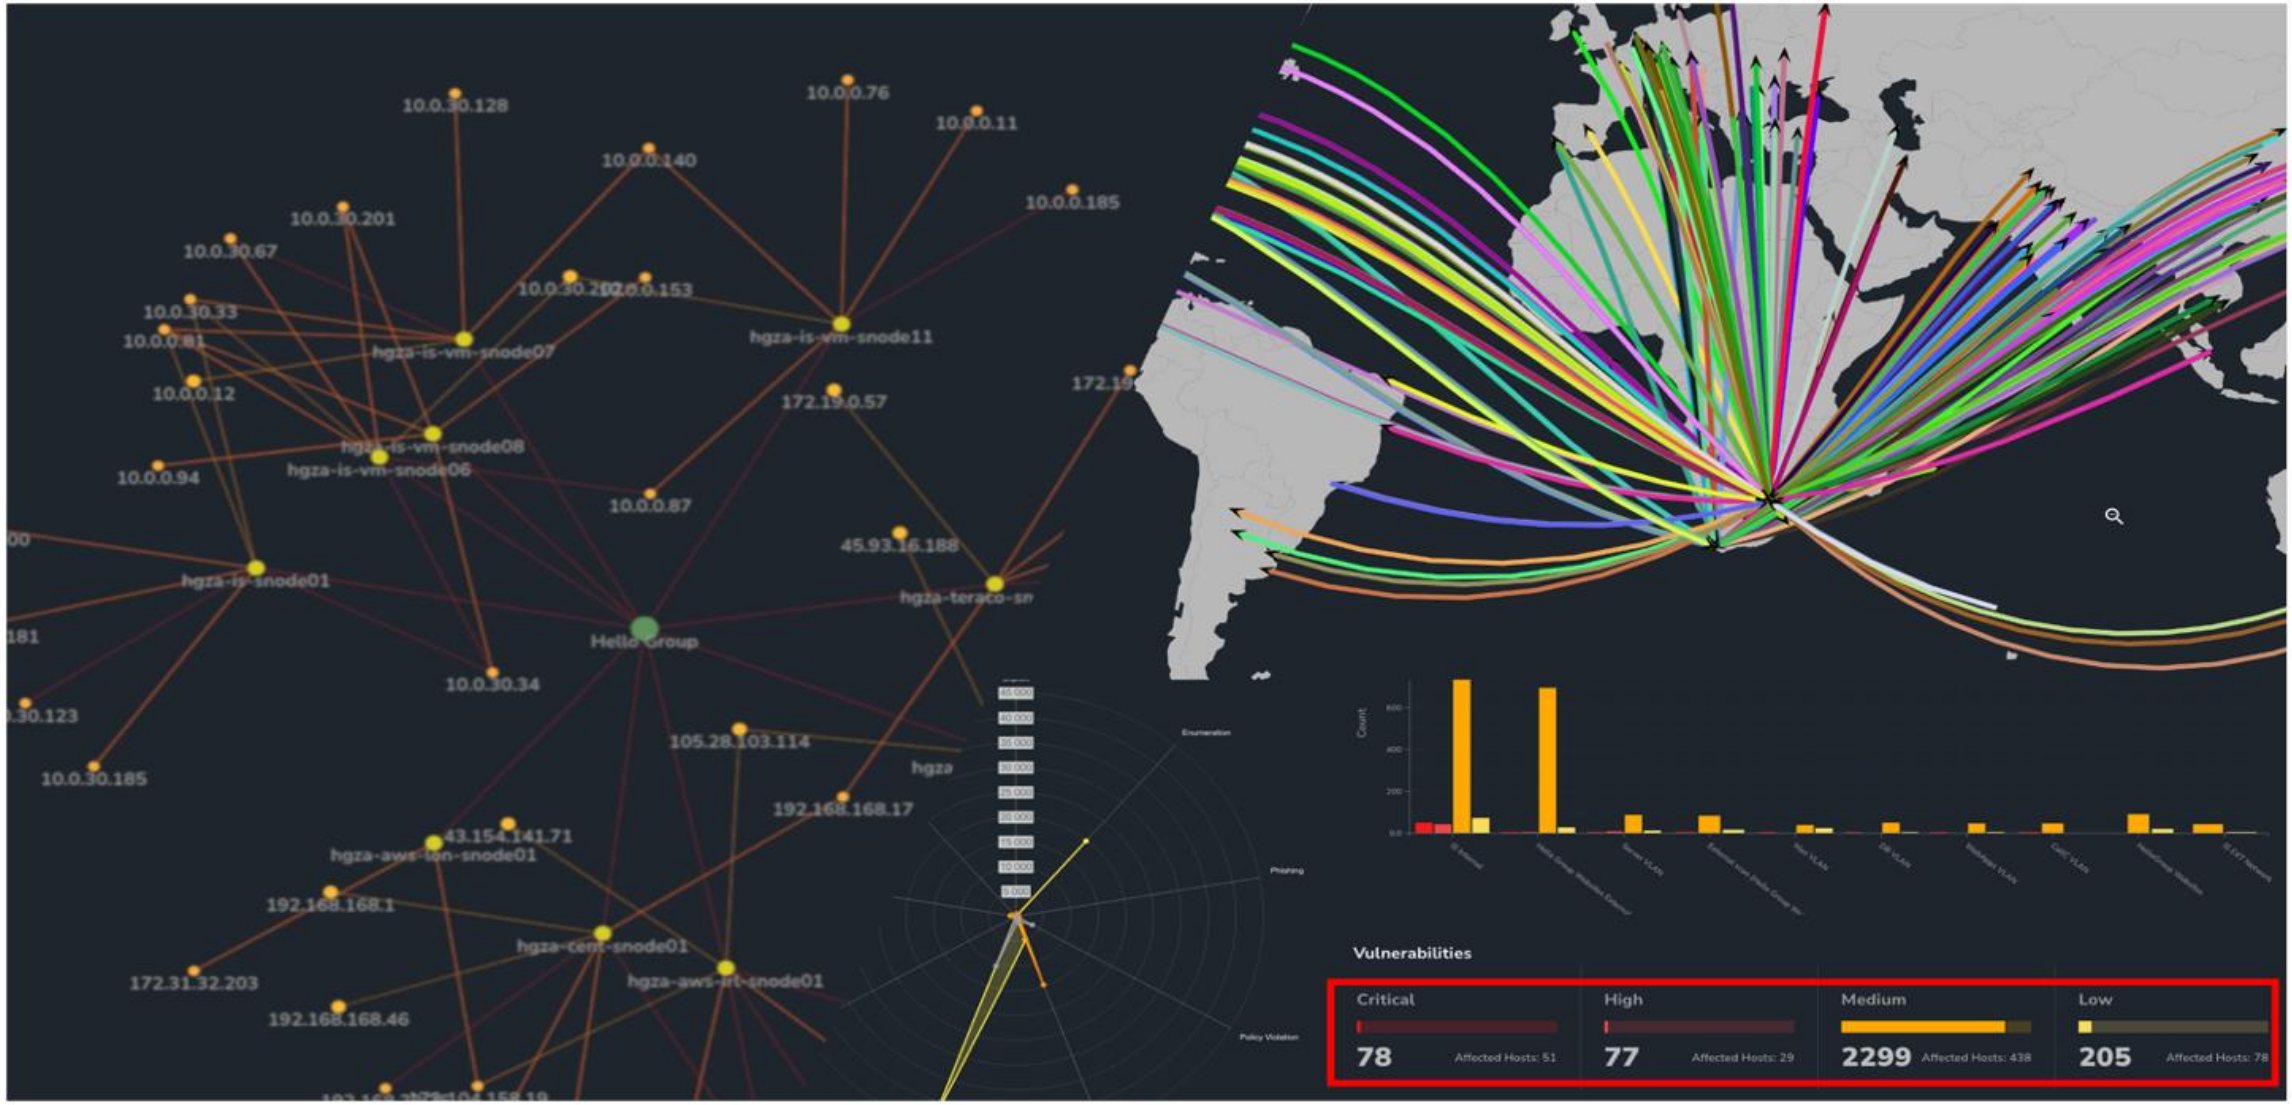

E: I've seen what can happen to your company and I know how to prevent it.

Snode

Too many vulnerabilities,...

Snode

Too many active threats,…

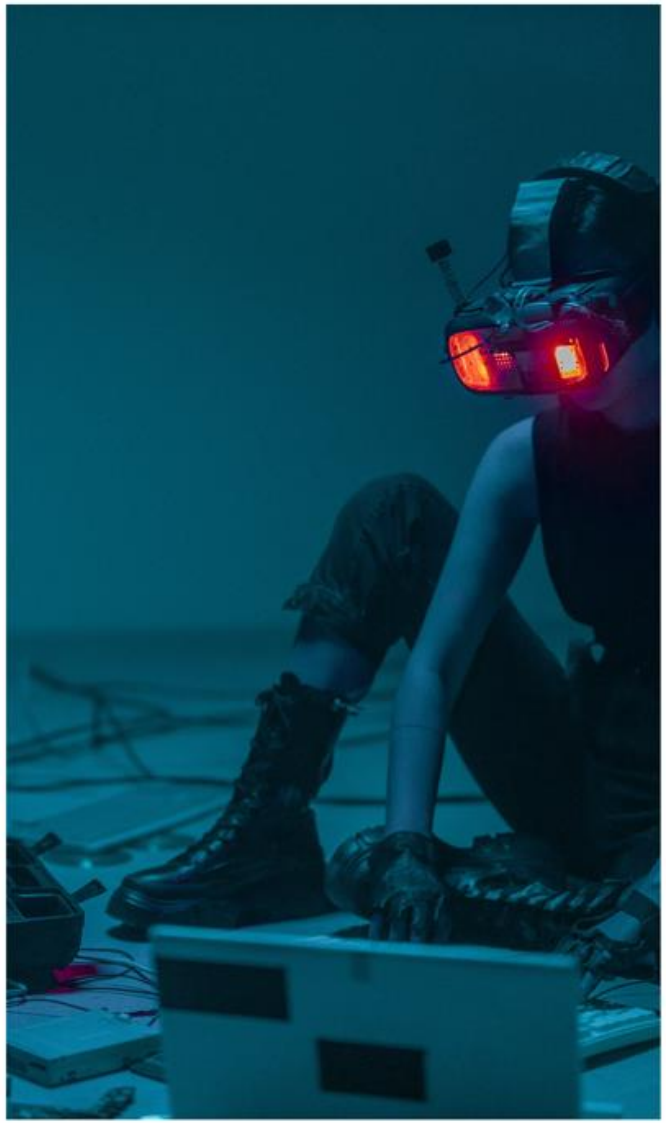

Snode

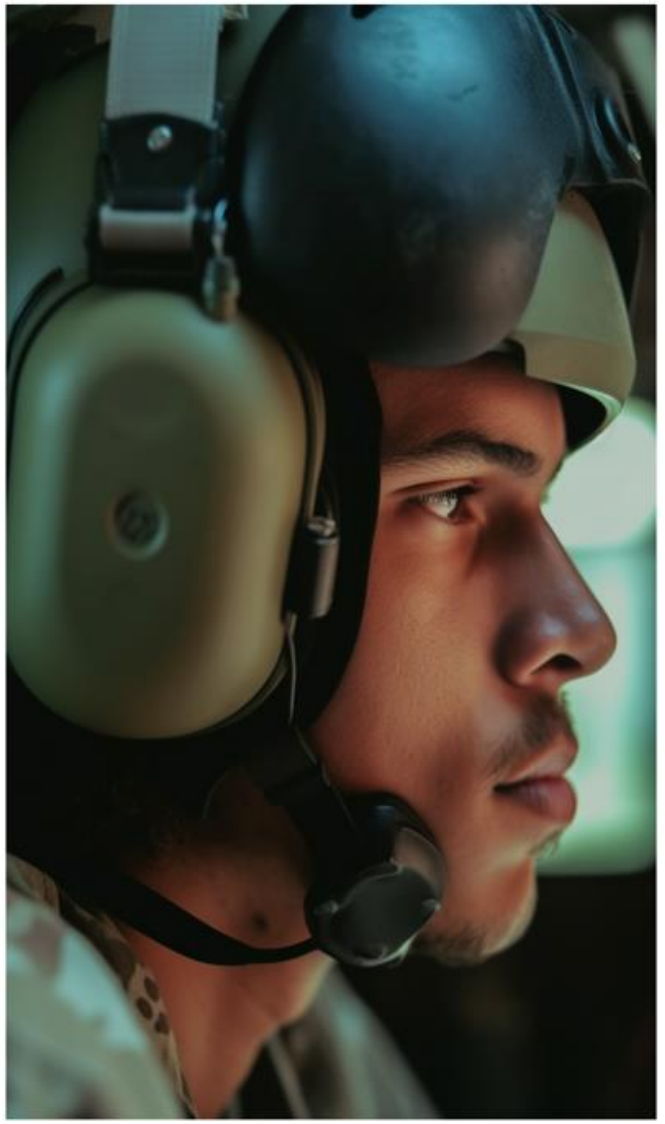

Simulation 101

Simulation **Modelling**

Emulation Simulation

Physical Simulation

Snode

Bringing it all together

Threat Intelligence – Proactive Response

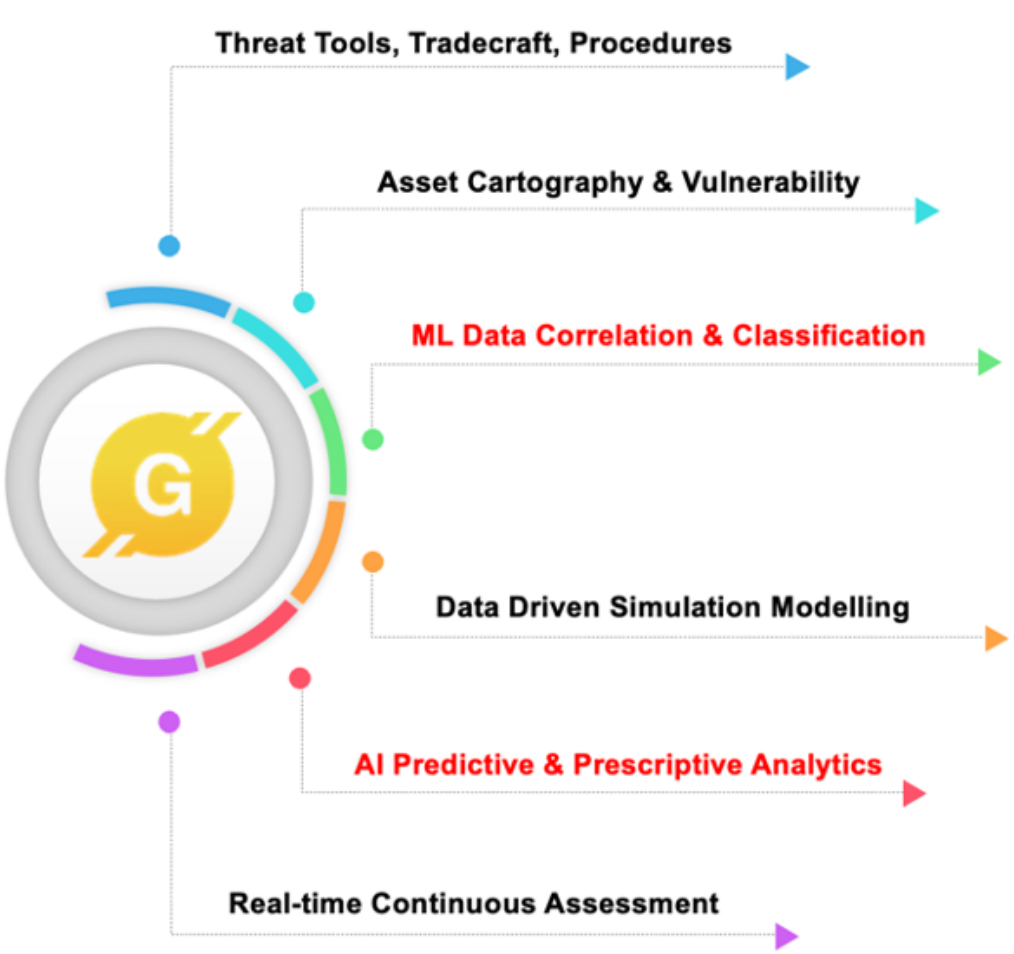

Vulnerability Intelligence - Attack Surface

Asset Risk Intelligence – Impact Analysis

Snode

AI for **everything** – *we be having it!!!*

AI-based Simulation | High-level Methodology

Design **threat** tradecraft procedures

Map attack vectors to **vulnerabilities**

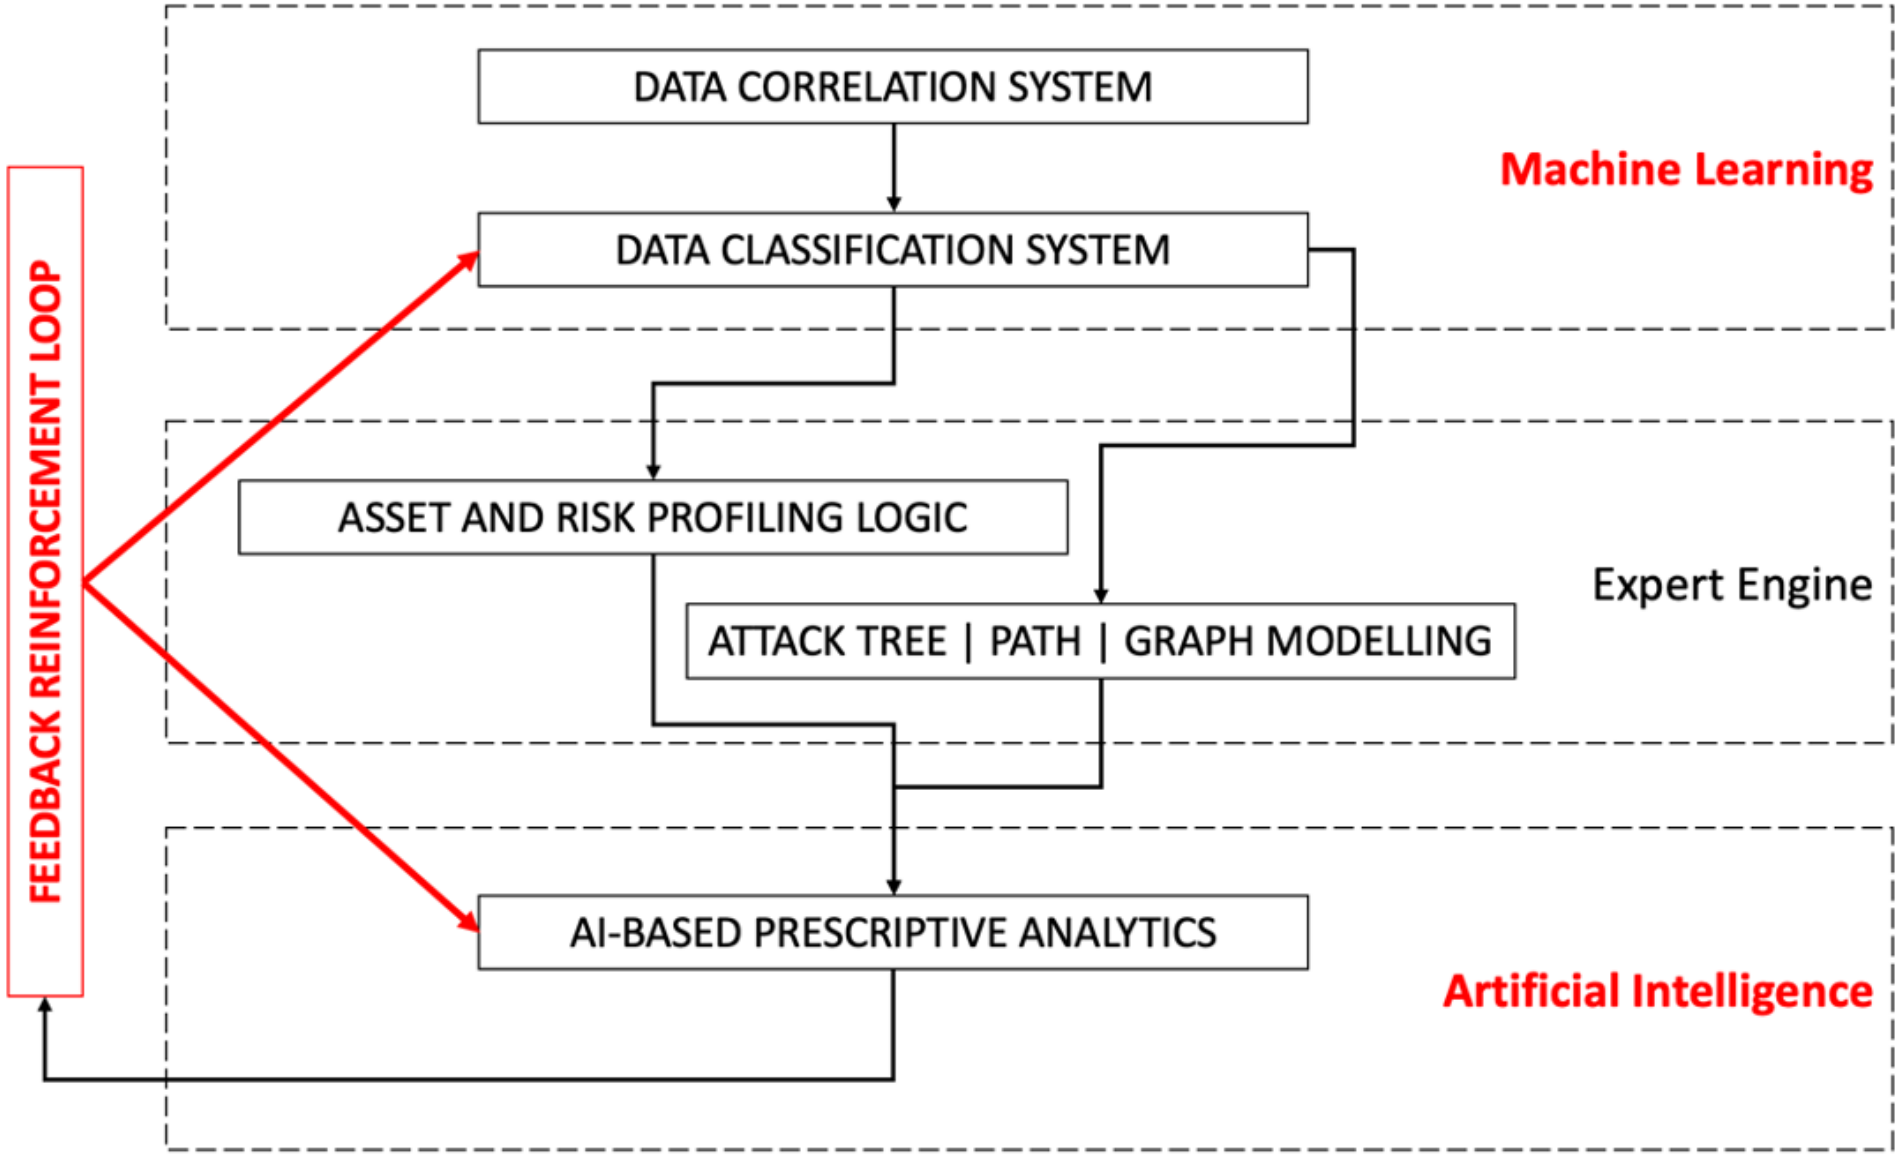

AI generates **successful attack paths**

Prioritise real risk on **critical assets**

Re-generate simulations in **real-time**

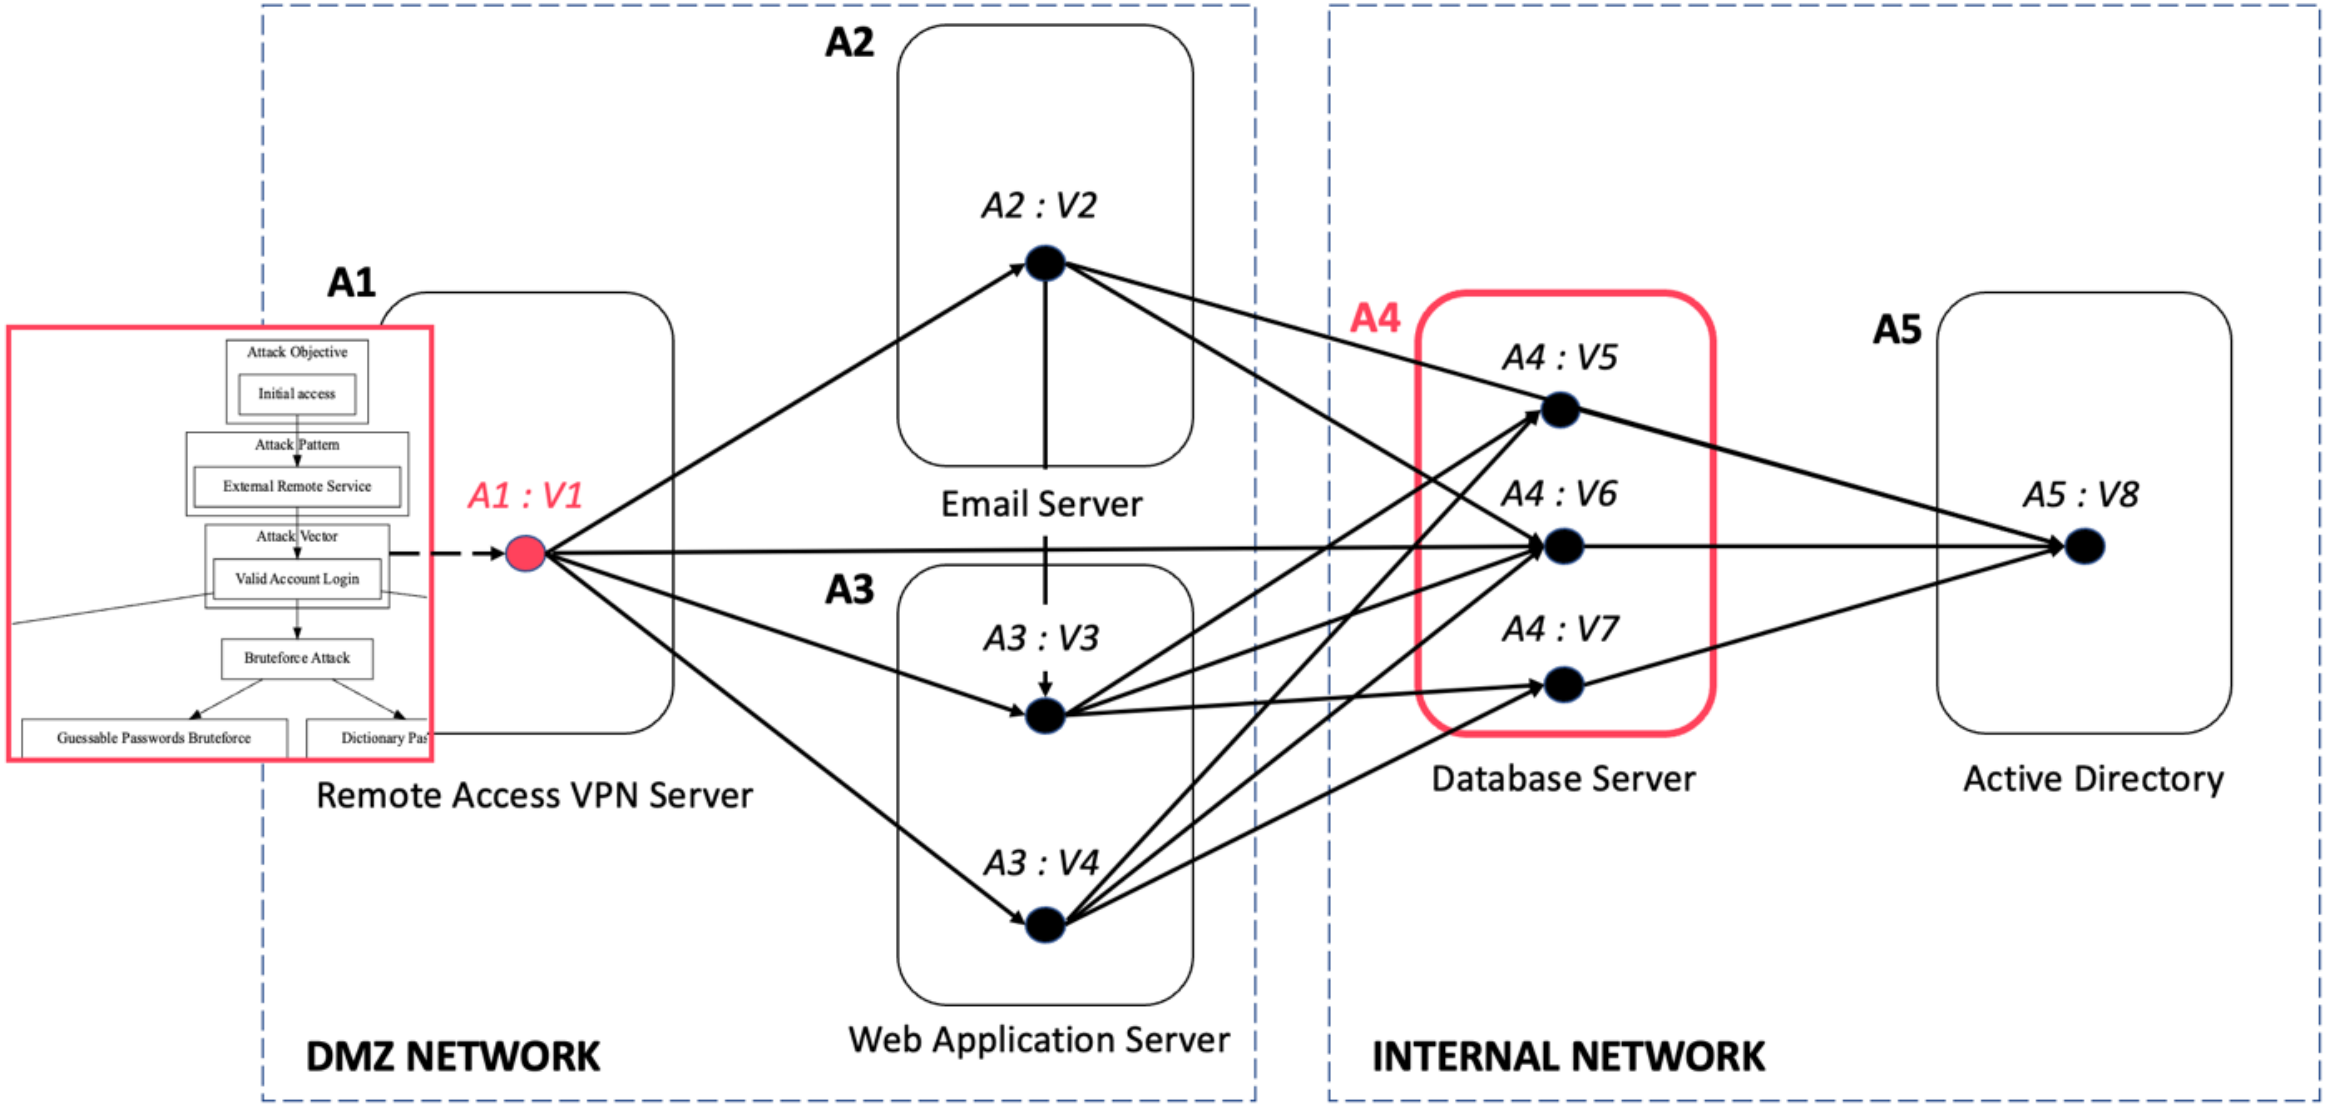

Snode

AI-based Simulation – our approach

Snode

What we found,…
